FIG. 9

A cross-sectional view of a multi-layered structure. The structure consists of several layers. The top layer is labeled 1 and contains a cross-hatched pattern. Below it is layer 2, which contains a diagonal hatched pattern. Layer 3 is a thin layer with a wavy, undulating surface. Layer 4 is a thick layer with a diagonal hatched pattern. Layer 5 is a thin layer with a diagonal hatched pattern. The bottom layer is labeled 7 and contains a cross-hatched pattern. The layers are separated by interfaces. Labels 1a1c and 2c2a are placed between layers 1 and 2. Labels 7a and 7c are placed between layers 4 and 5. A bracket labeled 7 is placed below the bottom layer.
